

## Avon Foundation Breast Care Fund Grant Reviewers 2006

The Avon Foundation Breast Care Fund 2006 Review Panel included patient advocates, Project LEAD graduates, and medical experts in public health, breast imaging, outreach and education. Its members have served on numerous breast cancer review panels, including those of other non-profit agencies, as well as state panels, and federal panels including the National Cancer Institute, the National Institutes of Health, and the Department of Defense.

Candidates may apply annually to be considered for participation on the AFBCF Review Committee. For a description of the process, an application form and deadlines, please visit [www.avonbreastcare.org](http://www.avonbreastcare.org)
